

What Dry Cleaning Will Do

Dry Cleaning is no longer considered a luxury. It is no more of a luxury to have your outer garments dry cleaned than it is to have your lighter articles of clothing washed when they are soiled. Dry cleaning has established as a practical economy that everyone should take advantage of.

CLOTHING PROPERLY DRY CLEANED and PRESSED will wear much longer to more than pay for the cleaning. Besides the advantage of the better, neater, new appearance given the garments by this service.

Dry cleaning not only removes all grease and dirt, but it also destroys disease germs and moth eggs, and freshens the color, raises the nap and freshens the fabric without taking the life out of the goods or injuring them in any way.

Our dry cleaning process is especially adapted to cleaning expensive fabrics of sensitive colors. Silk and fine woolen goods, elaborately trimmed ball and party gowns, opera cloaks and wraps of every description, plain or fancy waists, etc.—all are cleaned and returned to you looking like new.

SILK, SATIN, COTTON AND WOOLEN DRESSES, TEA GOWNS, OPERA CLOAKS, PLAIN AND FANCY WAISTS, SKIRTS, CORSETS, KID AND SILK GLOVES, HATS, SLIPPERS, COATS, WRAPS, KIMONOS, FURS—all are successfully handled. It is not necessary to remove trimmings or linings, or rip a single seam in the garment to be treated by this process. All articles after being dry cleaned, are carefully pressed into perfect shape, exquisitely finished, carefully packed and returned with all of their natural softness and richness of fabric and color.

WEST RIVER LEAGUE CHAMPIONS

Jamaica Team Finished Season with Percentage of 917
—Won Last 11 Games Straight—Every Man a Jamaica Resident

JAMAICA BASEBALL TEAM OF 1915.
Top row, left to right—L. Bemis, p. 3b; H. Howe, sub; A. W. Butler, lb; P. Butler, c; H. Crowinshield, cf; C. C. Allen, auto driver.
Middle row—C. Landman, p. 3b; L. Robertson, c; H. Kingsbury, 2b.
Bottom row—M. Crowinshield, rf; F. Clark, lf.

Jamaica is justly proud of its ball team of 1915 in the West River league, and doubly so from the fact that every player is a resident of the town. Starting the season without hired players and without any great expectations of success, they gradually gained confidence and finished the league season with a percentage of 917, winning the last 11 games straight, also winning the cup and an exhibition game played with Townshend at Brattleboro. The team has received the unequalled support of the townspeople and has deserved it. All through the season the members spent their energies in careful practice, in trying to get right and keep right and while as a team they had the true fighting instinct and a desire to win, there was no inclination toward rowdiness, neither did any of them show a disposition to argue with the umpire or their opponents. The men showed themselves to be gentlemen as well as ball players, and they deserve the success that came to them.

Sporting Notes.

Ty Cobb's dream of a 400 batting average for 1915 has faded.

Another hope of the Braves smashed. Brooklyn failed to stop the Phillies.

First football game of the season at Island park Saturday with Arms academy of Shelburne Falls the visiting team.

Cincinnati with a mighty good chance of finishing in the first division has been hard hit in Chicago. By the same token the Cubs climbed out of the cellar in quick order.

Detroit ran up against a team that was not willing to "lay down." Walter Johnson apparently plays to win regardless of the standing of his team or that of his opponent.

Now is the time for high school pupils to show whether they are going to support their school football team any better this season than in the past. The usual attendance at a high school game is a disgrace to the school. It indicates to those who are not members and who never have been, but who go to show an interest in school activities, that the high school pupils themselves have no school interest.

ARMS ACADEMY TO PLAY HERE SATURDAY

Brattleboro High School to Open Football Season—Coach Stolte Has Good Material.

Brattleboro high school's football team will play the first game of the season against Arms academy of Shelburne Falls at Island park Saturday afternoon at 3:30 o'clock. Last year these teams met in the second game of the season for the local team and Brattleboro won by a score of 12 to 6, a fair indication that the teams are evenly matched.

The local team has a schedule which calls for two games with each of the three other teams in the Clover league, Vermont academy of Saxtons River, Bellows Falls and Keene high schools, but the exact dates in the schedule and one of these has been filled by a game with Arms academy.

There are some holes to fill in the local line this year, but Coach Stolte says that the opponents will find they have been well plugged and that graduation has not taken from the team all of the star men. The backfield is intact with the exception of Kaine, at quarterback. The coach promises some surprises in the men who will succeed that star pair of ends, Harlow and

Wilson, and Kaine at quarter and Rattle at guard. He had good material from the freshman class and is making use of it.

It is not known here whether Capt. O'Brien of the Arms team graduated last year, but if he did not the visitors are sure to have one man who will keep the entire local team guessing when he starts anything. He was a wonder last year and did practically all of the effective advancing of the ball.

In any event the game will be worth while seeing.
